

20: Public Service Comm. of S.C.

Your name "implies" that you
"serve" the public - of which I
am a member - Please do us a service -

I wish to strongly object to the
rate increase applied for by SCE+G.

I can hardly pay my light bill now!
and all my family and neighbors
are in the same predicament.

9.5% will be an outrageous increase!

If they can get raises whenever
they want, (and they've already been
granted at least two during the last
year or two -) then we should be
able to choose our utility service!

NO other company is as expensive as
SCE+G! Is this because all
the politicians own stock in this
company?! I'm sure it is! -

Please, NO increase!!
